The Massey Ski Whiz 444ST outdistanced all other 1975 model, fan cooled machines in its class tested for fuel economy by Snow Goer magazine. So you can figure on getting a lot of snow-mobiling out of every gallon of gas with Ski Whiz—and there are four other models to choose from.

*Test conducted by Snow Goer magazine at Rabbit Ear's Pass, Colorado, during April, 1974—440 cc sleds.
